

Route2India

The Definitive Route to Contract Research and Manufacturing companies in India

Route2India is a fully integrated and customized service, which enables **identification and evaluation** of Contract Research/ Contract Manufacturing companies (CRAMs) in **India**.

"A technologically driven company would fail in it's IQ test if it did not have anything significant in India. There is quality, speed, process orientation in India and still at a cost that is attractive!"

- Mike Zafrowski,
President and COO,
Motorola.

India Facts*:

India has the highest number of manufacturing plants approved by USFDA

CRAM in India can save 50-70% of the global cost

* Drug Discovery Technology & Development

- **Companies use Route2India to:**
 - Strike *alliances* with Indian companies based on predetermined parameters such as company type, sales turnover, R&D set up, capabilities etc.
 - Identify companies who could take up *Contract Research projects*.
 - Develop vendors in India
- **The ROW2 Advantage:**
 - Strong network of Indian CRAM companies.
